Diwali Issue 2001 • Volume 8

# A Short Chat With.....

*Sitara had an opportunity to talk to Mr Prakash Singh the pioneer of Zee T.V. in Europe*

Mr. Prakash arrived in '84 and in course of time realised that Indians in Spain had no link with India. For him the vehicle of communication was missing.

So by '92 Zee launched Asia T.V. in Barcelona and it was mainly a service to be connected with the Indian Culture which he found lacking not only in his children but all the children being brought up in Spain. From the response that he got from the Indian communities around Spain, proved that he was on the right track and in Nov '98 there was a conference in London where he was awarded the Best Dealer in Spain. This year July 2001 in Zurich he won

Mr. & Mrs. Prakash seen with Rakash Rimbhan when they received "Europe Best Dealer Award"

the award for best dealer in Europe. This has not only given him confidence but a zest to continue to work.

As the message of "Diwali" is to bring "togetherness" so has Mr.

Prakash succeeded in transmitting a sense of unity amongst Indians residing in Spain

Zee has become the nr.1 Indian channel in Europe and is growing rapidly.

### WHAT IS MARRIAGE?

*It is a dream filled with meaning  
That starts coming true  
Because you have someone to  
share life with you...*

*It's a loved one beside you  
Whenever you go,  
Two hearts joined together  
By words whispered love...*

*It's a wonderful blending  
Of laughter and tears,  
A warm understanding  
That deepens with years...*

*It's saying, "I love you,"  
With words or a glance,  
It's caring... it's sharing  
A life long romance*

### What is a Husband?

*If you have a husband like mine  
Love and keep him for "ALL  
TIME"*

*A husband is like a treasure, his  
value rarely appreciated until it is  
time to part.*

*A Good husband is a man who treats  
a wife as if he isn't married to her*

*He is someone who takes your  
heart and keeps it safely next to his  
forever*

*A husband is the head but his wife  
is the neck that turns it.*

*How do you spell HUSBAND?  
Love*

*He is a man who stands by you  
through all the troubles you would  
n't have had if you had stayed  
Single.*

*In the morning when we wake he  
kisses and whispers to me "Do you  
love me?" Good, go and make a cup  
of tea.*

*A husband is everything that a  
good wife can train him to be.*

*A husband often tells you that he  
loves you but never while watching  
football.*

*Discovering (What's a husband?) her  
nice.*

*A husband is a person who lives  
you up when you are down, but  
never lets you down when you are  
up.*

*A husband is someone who treats  
his wife flowers, after she has had  
a bump with the car.*
